Narrative :

On 09/08/2025 at approximately 10:12PM Officer Hicks was dispatched to 1891 Forest Ln, Garland, Dallas County, Texas in reference to animal cruelty.

Upon arrival, Officer Hicks spoke with xxxxxxxxxxxx who stated he would like to open an investigation for animal cruelty and handed Officer Hicks a packet detailing the events that took place. Within the packet is a summary of events section that states the following:

On September 3rd, 2025, I brought my dog Joey, to Club Hill Animal Clinic for a routine nail clipping. Joey was healthy, alert, and full of life upon arrival. He was in the facility's care for approximately 15-20 minutes. When returned to me, he was deceased with obvious trauma inflicted upon him. Immediately following his death, I documented the following:

- Visible Trauma to multiple paws, including overcut nails, bruising, swelling, and signs of restraint (verified by a proper groomer)
- Inconsistent grooming, with some paws untouched and others showing aggressive trimming
- Postmortem X-ray findings, including a bright density in the cervical region and tracheal displacement – suggesting possible internal trauma or airway compression
- Facial expression and posture consistent with sudden interruption, not peaceful passing

These injuries were not present prior to Joey's visit and occurred within the short window of time he was in the facilities care.

Also included within the packet are evidence exhibits with pictures and notes to include:

- Exhibit A – Back Left Paw
- Exhibit B – Back Right Paw
- Exhibit C – Front Right Paw
- Exhibit D – Front Left Paw
- Exhibit E – Facial Expression Prior to Clinic Visit
- Exhibit F – Facial Expression Postmortem
- Exhibit G – Cervical X-ray

Officer Hicks inquired about the notes section of the evidence exhibits and where he obtained the information included to which xxxxx stated it was generated via AI.

xxxxxxxxxxxxxxxx, who was with xxxxxx at the initial visit to Club Hill Animal Clinic also has a statement of events attached within the packet which states the following:

On September 3, 2025, at approximately 3 p.m., I brought my dog, Joey, to Club Hill Animal Clinic for a routine

nail trim. Before the procedure, xxxxxx and I informed the staff that Joey did not tolerate having his feet touched. We specifically requested sedation (pill or injection) and instructed them to muzzle him if necessary. A veterinary technician took Joey into the back room for the nail trim while I waited in the exam room with xxxxxxx. During the procedure, we heard Joey crying and screaming loudly. His vocalizations then changed to a deeper, restricted tone that sounded like he was struggling to breathe. Within a short time, the sounds stopped. One to two minutes later, the technician and doctor entered the room and told us Joey had stopped breathing. When I told them to take action, the technician asked if we wanted CPR performed. We agreed. We followed the technician into the back room, where we saw Joey lying unresponsive on a table. The doctor was performing chest compressions. After several minutes without success, Joey was pronounced deceased. When Joey's body was returned to us, I observed his tongue was blue/gray, his body was still warm, and his head had abnormal, excessive movement as though not fully supported. I later obtained x-rays from another veterinarian to better understand what had happened.

xxxxxxx stated he has plans to submit a formal complaint with the Texas Veterinary Medical Board, which is also attached in the packet.

After xxxxx and xxxxxx left the Club Hill Animal Clinic with Joey, they transported him to the Animal Hospital of Garland located at 1305 Northwest Highway for an X-ray. xxxxx believes they spoke with Chandler Rogers at the Animal Hospital.

The proper groomer notated above was Joey's personal groomer in the past.

It should be noted that xxxxxxxx stated Joey was his emotional support dog. Joey was ultimately cremated on Saturday, September 6th.

The packet was logged into the Garland Police Property Room by Officer Hicks.

Narrative :

I, Det. T. Lingenfelter (8941) was assigned to do a follow-up investigation of this case, which occurred on 09/03/2025 at 3339 Broadway Blvd, Garland, Dallas County, TX.

I reviewed Officer Hick's report, which states the victim's dog died while having its nails trimmed at the Club Hill Animal Clinic located at 3339 Broadway Blvd.

I called the Club Hill Animal Clinic and spoke with Liz, a technician at the location who was working with the victim's dog. Liz stated the dog, "Joey", was brought in by the owners (xxxxxxxxxxx and xxxxxxxxxxxxxx) on 09/03/2025. Liz stated that Joey was 13 years old. Liz stated it had been several years since Joey was at their clinic, and that xxxxxxx and xxxxxxx wanted to have Joey's toenails trimmed. They also informed the clinic staff that Joey had been experiencing a persistent cough recently. Liz stated X-rays and blood work were recommended by the doctor, but the owners refused because of the cost. Liz stated that Joey was visibly upset the entire time he was in the office, and he was barking nonstop. Liz stated that due to the dog's behavior, they placed a muzzle on Joey to trim his nails. She also stated that when she put the muzzle on Joey, he bit her. In order to cut Joey's nails, Liz stated he was layed on his side, with a technician holding his front legs, and another tech holding his hind legs, while a third tech trimmed Joey's nails. She stated this is standard procedure for dogs that are not cooperative with having their nails trimmed. While trimming Joey's nails, the staff noticed Joey was beginning to breathe abnormally, so he was given oxygen. Staff then observed Joey to stop breathing, and staff began CPR on Joey. Liz went and informed xxxxxx and xxxxxx about the situation, and brought them back to where Joey was while CPR was being performed. Liz stated they were unable to get Joey breathing on his own, and he was pronounced deceased. Liz stated that nothing about this procedure was out of the ordinary. Liz stated she would send me the records from Joey's visit that day.

Based on the conversation with Liz, I do not believe there is any criminal culpability in the death of Joey, and animal cruelty does not apply. Veterinarian staff took adequate measures to safely trim Joey's nails, and when they noticed he was in distress, they made attempts to save him. Based on this information, I do not believe a criminal offense occurred.

The case is unfounded due to no crime actually being committed.
